

## **TUITION PAYMENT**

**An email that looks like it came from Student Finance Office says your tuition payment failed and must be fixed today.**

- A. Check your payment status inside the student portal.
- B. Pay through the email link immediately.
- C. Call the Finance Office using the official website contact.
- D. Ask classmates if they received the same email.

## **SAFE ACTION(S): A, C**

Score: A: 4, B: 0, C: 4, D: 1

### **WHY:**

The email tries to make you pay through its link instead of using official payment channels.

### **PRO TIP:**

Payment problems should always be verified from inside your account.

## **MAILBOX DELETION**

**An Email from the University IT Helpdesk says your student mailbox will be deleted within 24 hours unless you log in.**

- A. Click the login link immediately.
- B. Log in through the university website directly.
- C. Reply asking if the message is real.
- D. Contact IT using official helpdesk contact details.

**SAFE ACTION(S): B, D**

Score: A: 0, B: 4, C: 1, D: 3

**WHY:**

The message pushes login through the email instead of the real IT system.

**PRO TIP:**

Never authenticate through a link you didn't initiate.

## **THE PROFESSOR**

**An Email appearing to come from your Course Professor asks you to urgently buy gift cards for a research need.**

- **A. Ask follow-up questions before acting.**
- **B. Buy the gift cards quickly to help.**
- **C. Call the department office to verify.**
- **D. Share the email in the class group chat.**

## **SAFE ACTION(S): A, C**

Score: A: 4, B: 1, C: 3, D: 0

### **WHY:**

The impersonation relies on authority pressure to make you act without verifying identity.

### **PRO TIP:**

Unexpected favors involving money should always be verified offline.

## **THE EXCLUSIVE INTERNSHIP OFFER**

**A LinkedIn message says  
you've been chosen for an  
exclusive internship and  
applications close tonight.**

- A. Apply quickly before spots fill.
- B. Research the company independently.
- C. Submit your CV to secure the opportunity.
- D. Verify through uni career office.

## **SAFE ACTION(S): B, D**

Score: A: 0, B: 4, C: 2, D: 3

### **WHY:**

Scarcity pressure pushes fast submission before checking legitimacy.

## **THE AI STUDENT TOOL**

**A post in your Student Discord Server offers free premium access to an AI study tool using your school login.**

- A. Ignore it until verified.
- B. Check the offer on the official tool website.
- C. Log in through the shared link.
- D. Ask the person posting for proof.

## **SAFE ACTION(S): A, B**

Score: A: 3, B: 4, C: 0, D: 1

### **WHY:**

The offer tries to move login from official channels to an unverified link.

### **PRO TIP:**

Free upgrades that require login are often data-collection traps.

## **THE CAMPUS JOB**

**An Email from a “Campus Job Recruiter” says you must pay for training materials before starting work.**

- A. Pay to secure the job quickly.
- B. Ask friends if this sounds normal.
- C. Confirm the employer through the Career Office.
- D. Decline and stop communication.

## **SAFE ACTION(S): C, D**

Score: A: 0, B: 2, C: 4, D: 3

### **WHY:**

The scam pushes upfront payment before confirming the employer exists.

### **PRO TIP:**

Real employers pay you — you don't pay them.

## **THE DORM WIFI**

**A WiFi network named “Campus-Guest” asks for your student login to connect.**

- A. Enter credentials to get online quickly.
- B. Ask Campus IT if the network is official.
- C. Use mobile data until you verify the network.
- D. Log in once and change password later.

**SAFE ACTION(S): B, C**

Score: A: 0, B: 3, C: 4, D: 1

**WHY:**

Fake networks rely on convenience to collect student credentials.

## **THE HOUSING DEPOSIT**

**A landlord says several students want the room and asks for a deposit immediately.**

- A. Ask to view the place before paying.
- B. Send the deposit to secure it.
- C. Wait and hope it's still available later.
- D. Verify the listing and landlord independently.

## **SAFE ACTION(S): A, D**

Score: A: 4, B: 0, C: 1, D: 3

### **WHY:**

Scarcity pressure pushes payment before confirming the property exists.

### **PRO TIP:**

Never send deposits without independent verification.

## **THE VISA DOCUMENT**

**An email claiming to be from International Student Services asks for your passport upload urgently.**

- A. Upload as requested
- B. Reply asking why it's needed.
- C. Call the office using official number.
- D. Check for the request inside the student portal.

## **SAFE ACTION(S): C, D**

Score: A: 0, B: 1, C: 4, D: 3

### **WHY:**

The request tries to move sensitive document upload outside secure systems.

### **PRO TIP:**

Identity documents should only be shared through verified systems.

## **THE STUDENT AMBASSADOR**

**An Email says you've been selected as a Student Ambassador and must register today.**

- A. Research the program first.
- B. Ask an academic advisor about it.
- C. Register to keep your spot.
- D. Share the email with friends.

## **SAFE ACTION(S): A, B**

Score: A: 4, B: 3, C: 1, D: 0

### **WHY:**

Recognition and exclusivity push fast registration before verification.

### **PRO TIP:**

Real university programs are easy to confirm through official channels.

## **GROUP PROJECT FILE**

**A message in your Class WhatsApp Group chat says: “Final version uploaded — log in now so we don’t miss the deadline.”**

- A. Open the shared link quickly.
- B. Check the file inside the official class platform.
- C. Ask the group if others opened it safely.
- D. Ignore the message.

## **SAFE ACTION(S): B, C**

Score: A: 0, B: 4, C: 3, D: 1

### **WHY:**

The deadline pressure pushes you to log in through the shared link instead of the official platform.

### **PRO TIP:**

Collaboration urgency is a common way scammers bypass caution.

## **CAMPUS SAFETY APP**

**A message in a Student Facebook/Telegram Group says Campus Security requires installing a new safety app today.**

- A. Install it for safety.
- B. Check official univ announcements first.
- C. Ask a friend if they already installed it.
- D. Contact Campus Security directly.

**SAFE ACTION(S): B, D**

Score: A: 0, B: 4, C: 2, D: 3

**WHY:**

The message uses safety authority to push installation before verification.

## **BOOKSTORE REFUND**

**An Email appearing from the Campus Bookstore says you are owed a refund and must confirm payment details.**

- A. Click the refund link and fill details.
- B. Log into the bookstore account directly.
- C. Forward it to classmates to check.
- D. Check your bank statement first.

## **SAFE ACTION(S): B**

Score: A: 0, B: 4, C: 1, D: 1

### **WHY:**

The refund message pushes you to enter details through the email instead of your account.

## **STUDENT LAPTOP DEAL**

**An Instagram ad claims to be an Official Student Tech Offer with laptops 70% off today only.**

- A. Research the seller before buying.
- B. Buy before the deal ends.
- C. Compare prices with trusted retailers.
- D. Ask commenters if it's real.

## **SAFE ACTION(S): A, C**

Score: A: 4, B: 0, C: 3, D: 1

### **WHY:**

Limited-time pressure pushes buying before checking who actually sells the product.

## **COURSE REGISTRATION**

**An Email from the Registrar's Office says your course will be removed unless you confirm your account.**

- **A. Log in through the email link.**
- **B. Check your registration inside the student portal.**
- **C. Contact the Registrar's office.**
- **D. Ignore the message.**

## **SAFE ACTION(S): B, C**

Score: A: 0, B: 4, C: 3, D: 1

### **WHY:**

The email tries to move login away from the real registration system.

### **PRO TIP:**

Course changes always appear in official portals first.

## **PAID RESEARCH STUDY**

**A post in a Student Jobs Discord Channel offers quick cash for a psychology study through an external sign-up form.**

- A. Ignore all research offers.
- B. Ask a lecturer if the study is legitimate.
- C. Check the department website.
- D. Sign up quickly before spots fill.

## **SAFE ACTION(S): B, C**

Score: A: 1, B: 3, C: 4, D: 0

### **WHY:**

The fast-payment offer pushes you to share information before confirming the study exists.

## **PARKING FINE SMS**

**A text message claiming to be from Campus Parking Services says your fine increases today unless paid now.**

- A. Ask classmates if they received the same text.
- B. Check your parking account on the official website.
- C. Wait to see if another message arrives.
- D. Ask classmates if they received the same text.

**SAFE ACTION(S): B, A**

Score: A: 3, B: 4, C: 1, D: 0

**WHY:**

The warning pushes payment through SMS instead of your official account.

## **EVENT QR CODE PAYMENT**

**A poster on campus advertising a Free Student Event asks for payment details after you scan the QR code.**

- **A. Walk away without checking.**
- **B. Check the event through official student channels.**
- **C. Ask organizers before entering payment info.**
- **D. Scan and pay to reserve your spot.**

## **SAFE ACTION(S): B, C**

Score: A: 2, B: 4, C: 3, D: 0

### **WHY:**

The QR code hides the destination and pushes payment before verification.

### **PRO TIP:**

Always verify events before entering payment details.

## **LIBRARY ACCOUNT**

**An Email appearing from the University Library System says your account is suspended due to unpaid fines.**

- A. Click the link to log in and fix it.
- B. Open the library site yourself and check notices.
- C. Ignore because libraries aren't urgent.
- D. Call the library desk using official contact info.

## **SAFE ACTION(S): B, D**

Score: A: 0, B: 4, C: 1, D: 3

### **WHY:**

The account warning tries to make you log in from the email instead of the official site.

**Konfydence** <sup>(TM)</sup> – Outsmart Scams, Together!

## **EMERGENCY FUND**

**An Email appearing from the University Alumni Office asks for urgent donations to help students in financial crisis.**

- A. Ignore all donation requests.
- B. Verify the campaign through official university channels.
- C. Donate immediately to help.
- D. Search for the campaign online.

## **SAFE ACTION(S): B, D**

Score: A: 1, B: 4, C: 0, D: 3

### **WHY:**

Emotional urgency pushes donating before confirming the campaign is real.

### **PRO TIP:**

Legit fundraising campaigns are easy to verify outside the email.

## **BANK SECURITY**

**An Email appearing from your Student Bank Security Team says your account was locked after suspicious login attempts.**

- A. Open your banking app and check alerts there.
- B. Ignore it and wait to see what happens.
- C. Call the bank directly.
- D. Click the email link to unlock your account.

## **SAFE ACTION(S): A, C**

Score: A: 4, B: 1, C: 3, D: 0

### **WHY:**

The email pushes login through its own link instead of your normal banking channels.

**Konfydence**™ – Outsmart Scams, Together!

## **EXAM FORMAT**

**An Email appearing from the Course Coordinator Office says tomorrow's exam has been moved and you must confirm acknowledgment via link provided.**

- A. Check the exam details inside the learning platform (LMS).
- B. Email the coordinator using the university directory email address.
- C. Click the link in the email.
- D. Ask classmates if they received it too.

## **SAFE ACTION(S): B, A**

Score: A: 3, B: 4, C: 0, D: 1

### **WHY:**

The “confirm access” link tries to pull you off the official course system.

## **PASSWORD RESET**

**An Email from University IT Services says your password expires today and includes a reset link.**

- A. Wait until later and deal with it after class.
- B. Reset on the official IT portal.
- C. Contact the IT helpdesk.
- D. Use the email reset link to save time.

**SAFE ACTION(S): B, C**

Score: A: 2, B: 3, C: 4, D: 0

**WHY:**

The email link is trying to replace the real IT portal with a fake one.

## **OVERPAYMENT**

**A message from a “new employer” says they overpaid you and wants you to send back the extra money today.**

- A. Send back the difference.
- B. Ask the employer to explain the overpayment in writing.
- C. Ask your bank whether the payment is actually cleared.
- D. Verify the employer before doing anything.

## **SAFE ACTION(S): C, D**

Score: A: 1, B: 2, C: 3, D: 4

### **WHY:**

The scam works only if you send money before the payment bounces.

## **INSURANCE EXPIRY**

**An Email appearing from your Student Health Insurance Provider says coverage expires tonight unless you update details.**

- **A. Log in from the insurer's official website/app and check your status.**
- **B. Ignore it, as it could be marketing.**
- **C. Ask friends for help.**
- **D. Click the email link and update.**

## **SAFE ACTION(S): A**

Score: A: 4, B: 1, C: 2, D: 0

### **WHY:**

The urgency is designed to make you “update” through the email link.

## **STUDENT UNION VOTE**

**A Direct Message in a Student Union group chat says voting closes in 30 minutes and links a login page.**

- **A. Check voting details on the official Student Union website.**
- **B. Vote using the link.**
- **C. Reply “Is this official?” in the chat.**
- **D. Search the union website and find the voting page manually.**

## **SAFE ACTION(S): A**

Score: A: 4, B: 0, C: 1, D: 2

### **WHY:**

The DM tries to rush you into logging in through a private link.

### **PRO TIP:**

For voting, only trust links published on official pages.

## **LECTURE RECORDINGS**

**A post in your Course Discord/WhatsApp says “Recordings are here (before they delete them)” and shares an external download link.**

- A. Ask the lecturer/TA if recordings were officially shared.
- B. Check the learning platform for recordings first.
- C. Download it before it's removed.
- D. Ignore it—they aren't important.

## **SAFE ACTION(S): B, A**

Score: A: 3, B: 4, C: 0, D: 1

### **WHY:**

“Before they delete them” is used to push unsafe downloads and logs.

### **PRO TIP:**

Real course content should exist in official systems.

## **TUITION TRANSFER**

**An Email from the University Finance Office says your transfer failed and asks you to resend payment immediately.**

- A. Resend payment to avoid penalties.
- B. Check your bank transaction history and reference number.
- C. Contact Finance using the official phone/email on the university site.
- D. Reply to the email with a screenshot of your bank transfer.

## **SAFE ACTION(S): B, C**

Score: A: 2, B: 3, C: 4, D: 0

### **WHY:**

The email is trying to trigger a second payment or extract proof data.

## **STUDENT ID DEACTIVATION**

**An Email appearing from Student Services says your ID will be deactivated unless you “verify documents” today.**

- **A. Upload documents through the email link to be safe.**
- **B. Ask friends if anyone else got it.**
- **C. Check the student portal for ID alerts/notices.**
- **D. Go to Student Services in person.**

## **SAFE ACTION(S): C, D**

Score: A: 1, B: 2, C: 3, D: 4

### **WHY:**

The email tries to move document verification off secure university systems.

## **EARLY GRADES**

**A message in your Student Discord Server says grades are available early if you log in through a “special results page.”**

- A. Log in before the page closes.
- B. Ask friends for the link they used.
- C. Check grades only inside the official student portal.
- D. Wait for official grade release notifications.

## **SAFE ACTION(S): C**

Score: A: 0, B: 1, C: 4, D: 2

### **WHY:**

Social urgency pushes quick logins instead of checking the real voting platform.

### **PRO TIP:**

Official votes always point back to official pages.

## **AI VOICE PROFESSOR**

**You receive a voice call that sounds exactly like your Professor, asking you to urgently submit assignment files to a new email.**

- A. Ignore and block the number.
- B. Hang up and email the professor.
- C. Ask the caller a question only your real professor would know.
- D. Send the files - deadline is close.

## **SAFE ACTION(S): B, C**

Score: A: 1, B: 4, C: 3, D: 0

### **WHY:**

The fake call tries to redirect submission away from official channels.

### **PRO TIP:**

Voice alone is no longer proof — AI voice cloning exists.

## **GROUP CHAT**

**In your Course Group Chat, someone says everyone already paid a lab fee through a shared payment link.**

- A. Pay quickly so you don't fall behind.**
- B. Check the lab fee inside the official student portal.**
- C. Ask the teaching assistant directly.**
- D. Ignore the message entirely.**

## **SAFE ACTION(S): B, C**

Score: A:0, B:4, C:3, D:1

### **WHY:**

Social proof pushes payment before checking official records.

### **PRO TIP:**

"Everyone already did this" is a common manipulation trigger.

## **CLOUD COLLABORATION**

**An Email from a “New University Collaboration Platform” asks you to log in to access shared class files.**

- A. Log in to avoid missing shared work.
- B. Search the university website for announcements about the tool.
- C. Ask classmates if they know the platform.
- D. Open the link on your phone to test it first

## **SAFE ACTION(S): B**

Score: A:1, B:4, C:2, D:0

### **WHY:**

The email creates urgency around collaboration to steal institutional logins.

### **PRO TIP:**

New university tools are always announced publicly.

## **THE CRYPTO SIDE-HUSTLE**

**A DM on Instagram says students can earn fast income by helping move crypto funds for a startup.**

- **A. Ask for legal paperwork before agreeing.**
- **B. Try it — the money sounds easy.**
- **C. Research the company online.**
- **D. Ignore without checking anything.**

## **SAFE ACTION(S): C, A**

Score: A: B, B: 0, C: 4, D: 1

### **WHY:**

Easy-money framing pushes you into activities that may involve financial fraud.

### **PRO TIP:**

If you don't understand how money moves, don't move it.

## **NEW LMS UPDATE**

**A pop-up on a webpage says your Learning Platform has been upgraded and you must log in again.**

- A. Refresh the page and try again.
- B. Close the page and reopen the LMS directly from bookmarks.
- C. Take a screenshot and ask classmates first.
- D. Re-enter your login.

## **SAFE ACTION(S): B**

Score: A: 1, B: 4, C: 2, D: 0

### **WHY:**

Fake update screens try to collect credentials before you verify the real site.

## **SCHOLARSHIP INTERVIEW**

**An Email from a “Scholarship Committee” says you advanced to interviews and must schedule through an external link.**

- A. Check on univ website whether the scholarship exist.
- B. Ask friends for advice.
- C. Ask student financial aid office for advise.
- D. Schedule fast.

## **SAFE ACTION(S): A, C**

Score: A: 4, B: 1, C: 3, D: 0

### **WHY:**

Excitement about recognition pushes students to trust unverified links.

## **THE ACCOUNT SHARED**

**A notification appearing to be from your Cloud Storage Account says files were accessed from a new device.**

- A. Click the “secure account” button in the email.
- B. Open the storage app directly and check login activity.
- C. Change password from inside the official app settings.
- D. Ignore the alert unless something breaks.

## **SAFE ACTION(S): B, C**

Score: A: 0, B: 4, C:3, D: 1

### **WHY:**

Security alerts push immediate clicking instead of using trusted account controls.

## **THE AI CLONED FRIEND**

**You receive a voice message on WhatsApp that sounds exactly like your close friend, saying they are stuck abroad and need money urgently.**

- A. Send a small amount to help fast.
- B. Call your friend directly using their normal number.
- C. Ask for details only your friend would know.
- D. Continue chatting through the same message thread.

## **SAFE ACTION(S): B, C**

Score: A: 1, B: 4, C: 3, D: 0

### **WHY:**

The voice message tries to replace real verification with emotional urgency and familiarity.

### **PRO TIP:**

AI voice cloning makes “recognizing the voice” unsafe as proof.

## **PAYMENT PORTAL**

**A Google search result shows a page that looks exactly like your University Payment Portal, asking you to log in again before paying tuition.**

- A. Log in since the page looks correct.
- B. Close it and type the university website address manually.
- C. Save the page for later and pay another time.
- D. Check the URL carefully for small differences.

## **SAFE ACTION(S): B, D**

Score: A:0, B:4, C:3, D:1

### **WHY:**

The scam relies on trusting search results instead of navigating directly.

### **PRO TIP:**

Fake portals often look perfect — the URL is usually the only giveaway.

## **THE DATA BREACH**

**An Email appearing from the University Cybersecurity Office says student data leaked and you must verify your account immediately to stay protected.**

- A. Check for alerts on the univ portal.
- B. Click the verification link to secure your account.
- C. Reply to the email asking if this is real.
- D. Contact IT security for confirmation.

---

## **SAFE ACTION(S): A, D**

Score: A: 4, B: 0, C: 0, D: 3

---

### **WHY:**

Fear-based security alerts push fast action through fake verification links.

## **REPORTED FOR CHEATING**

**A pop-up inside what looks like your Learning Platform (LMS) says your account was flagged for academic misconduct and requires immediate verification.**

- A. Click “Verify Now” to clear your account.
- B. Close the page and reopen the LMS from your bookmark.
- C. Contact course admin directly.
- D. Take a screenshot and keep using the page.

## **SAFE ACTION(S): B, C**

Score: A: 0, B: 4, C: 3, D: 0

### **WHY:**

Fear of punishment pushes students to verify through fake pop-ups instead of trusted entry points.

## **DEAN ANNOUNCEMENT**

**A video posted in your University Student Facebook Group shows what looks like the Dean announcing a mandatory student verification link after a “major security incident.”**

- **A. Click the link since the Dean announced it publicly.**
- **B. Share the video so classmates.**
- **C. Check whether the announcement exists on official university channels.**
- **D. Contact the Student Affairs Office.**

**SAFE ACTION(S): C, D**

Score: A: 1, B: 4, C: 3, D: 0

**WHY:**

The video uses authority and realism to push verification through an untrusted link.

***WILD CARD!***

## **PAUSE POWER POSE**

Hands out and freeze for 10 sec. Nominate 1 player to join after 5 sec.

**Konfydence**™ – Outsmart Scams, Together!

***WILD CARD!***

## **HACK HIGH-FIVE CHAIN**

High-five the next 3 players  
shouting:

**“H — A — C — K!”**

**Bark like a guard dog:  
“Bad scam! Bad scam!”**

**Konfydence™** – Outsmart Scams, Together!

***WILD CARD!***

## **CATCH**

Do your best villain laugh:  
“Ha ha! Caught you!”

**Konfydence**™ – Outsmart Scams, Together!

# WHAT YOU'RE TRAINING

Every scam uses at least one trigger or more

**H — Hurry:** Rush you so you don't think.

**A — Authority:** Pretend to be someone official.

**C — Comfort:** Sound friendly to lower your guard.

**K — Kill-Switch:** Threaten urgent consequences.

**Your Goal:** Spot the HACK before you react.

---

## POINT RESET

### Reset Rules:

#### A) If a player gets negative point (-1/-2):

- They can erase it by doing a reset activity
- If play choose not to reset, player get additional -2 points

#### B) Every 5th Round:

Every 5 rounds → the lowest scorer catches up to the second lowest scorer by performing a reset action.

# GAME PLAY

2–6 players | 20–45 minutes

---

**1. The Reader draws a card** and reads the scenario + options (A–D) aloud. Place the card face-up in the middle.

**2. All players secretly write:**

- Their answer (A/B/C/D)
- Which HACK trigger(s) they spotted

**4. Discuss the HACK(s) spotted.**

**3. Reveal answers.**

**5. The Reader flips the card and reads:**

- SAFE ACTION(S)
- Score result
- Why it works
- Pro tip

**5. Record scores:**

- SAFE choice → +4 pts
- Partially safe → +2 pts
- Wrong → 0 pts
- Dangerous miss → -1 / -2 pt

**6. Pass the Reader role clockwise.**

**7. Discard the card.**

# RESET ACTIONS

If play refuses to not do,  
he/she gets additional -2 points

---

## 1. The Executive Pause

Stand up.

Take one slow breath.

Say clearly: "Pause before pressure."

---

## 2. The Risk Reframe

Say out loud:

"One rushed click can cost more than one missed opportunity."

Group nods.

---

## 3. The Calm Leader

Fill in the blank. Give one sentence advice to the table:

"When something feels urgent, I will \_\_\_\_."

---

## 4. Hurry Hand Brake

Pull imaginary handbrake, say

"Slow down!" 3x

---

## 5. The Authority Challenge

Say: "Authority is not urgency."

# RESET ACTIONS

If play refuses to not do,  
he/she gets additional -2 points

---

## 6. The Secure Handshake

Turn to the player on your right.

Firm handshake.

Say: "Nice try, 'helper!'"

---

## 7. The Cyber Oath

Place hand over heart.

Say: "I choose clarity over speed."

---

## 8. The Pattern Spotter

Name one HACK trigger from the last card  
(Hurry / Authority / Comfort / Kill Switch).

Clear identification = reset.

---

## 9. The Compliance Flip

Say: "Policy exists because pressure exists."

---

## 10. Kill Switch Slam

Mime slamming "X" on keyboard and say:

"Threat deleted!"
